

## INSULTS: I fart in your general direction!

RAP

Start with “You,” “You’re a/an,” or, if the target isn’t present, “He’s/She’s/It’s a/an,” roll on each column to fill in the middle, and finish your insult with “where you belong” or “like the rest of your kind,” or some such. Be creative! But best be ready for a return volley, if not an outright attack.
